

Barrel Replate Request Form

Barrel replates usually take 2-3 weeks from when we receive it. We do not require any up front payment, we will be in touch as soon as the replate is complete to sort out any additional parts needed for your rebuild and take payment.

Please fill out the form below, print and send with your barrel to:

Splat Products Ltd
Unit 3 Broombank Park
Sheepbridge
Chesterfield
S41 9RT
United Kingdom

International orders: On the customs form please write "**For Repair and Return**", this way we shouldn't have to pay customs and duty when it arrives in the UK. Unfortunately if we are charged any customs fees when the barrel arrives, we will have to pass these charges on to you.
